Once your registration status has been changed to either option above, you may no longer practice Optometry in Ontario.

Should you wish to resume practising Optometry in Ontario, you must submit a new application form to the College and undergo the registration process as a new applicant; that is, you must meet the registration requirements in effect at the time of your application.

LOCATION OF PATIENT RECORDS

The College regularly receives calls from patients seeking assistance in locating their health record from members who are no longer in practice. When a member of the College ceases to practice, for whatever reason, the member's patients must continue to have access to the health information contained in their patient record.

If patient records have been relocated, patients must be notified of the location of their records and the procedure to follow to request access to or transfer of their records to another practitioner.

To assist us when contacted, please fill out the information below.
